

Xiaomi Smart Camera C400

[GL Version] ID: 42942 SKU: BHR6619GL

Clear and Crisp Video

- Features 2560*1440p megapixels full HD, displaying sharp and smooth videos;
- Supports WDR technology, allowing the camera to perform well in challenging lighting conditions and capture crisp videos.

Low Light Color Mode

- Built-in image sensor with high sensitivity, smoothly present color pictures under low light environment;
- Be better suited to low light and retains its display in full color for longer.

Full Encryption for Privacy Protection

- Secure Cloud storage using 128-bit Advanced Encryption Standard (AES) and the whole data transmission is encrypted;
- Sleep mode provides more safe privacy protection.

Smart Control with Voice

- Display camera video output on your device;
- Voice control function available on a smart speaker and smart display devices that work with Google Assistant or Amazon Alexa.

AI Human Tracking

- Local human detection algorithm, automatic tracking human, reduce false positives caused by disturbances of other objects and reduce the trouble of invalid alarms.

360° Vision Means Full Home Protection

- The dual motor head enables the camera to rotate and capture a full 360° horizontal view and 106° vertical view.

Cloud Storage

- Freely store recorded motion-triggered video clips for one week in the first three months, which helps you keep a virtual eye on your home.

Fast-Forward Playback Speed

- Supports multi-speed playback to search through quickly the video feed stored in SD card.

Install Upright or Inverted

- The camera is pre-installed with the rotation base and can be placed on a table, window, ceiling, or wall.
