

# Xiaomi Electric Scooter Storage Bag

ID: 43695

SKU:BHR6750GL

- **Drop protection and shock absorption**
- Made of three layers of composite material, the bag body is pressed into a stylish, fashionable form. In case of collisions or bumps, the EVA layer can effectively absorb external impacts and protect items in the bag.
- **Multi-compartment design, scientifically divided compartments for easy storage**
- The bag can hold a scooter charger, a power bank, a smartphone, a pair of sunglasses, a wallet and a set of keys at the same time.
- **The best storage choice for rides, suitable for multiple models**
- The hook-and-loop fastener can be cut to adjust the hanging position of the bag to suit the size of different vehicles.
- **Hook-and-loop fastener, adjustable length, easy installation and removal**
- Four hook-and-loop fasteners secure the bag to the handlebars and the head tube. You can manually apply the fasteners, easy and time-saving.
